

The *Learning Engagement Competencies* dimension measures skills that support young children’s engagement in the learning process, such as emotional and behavioral regulation, approaches to learning, and physical control of body movements.

The following PA KEI indicators must be scored in order for a Learning Engagement Competencies dimension score to be calculated.

Learning Engagement Competencies

- Conflict Resolution [\[SE #3\]](#)
- Behavior Regulation [\[SE #4\]](#)
- Emotional Regulation [\[SE #1\]](#)
- Self-Awareness [\[SE #2\]](#)
- Engagement, Attention, and Persistence [\[ATL #26\]](#)
- Control and Coordination—Gross Motor [\[HWP #30\]](#)
- Task Analysis [\[ATL #27\]](#)
- Control and Coordination—Fine Motor [\[HWP #29\]](#)
- Reasoning and Problem Solving [\[ATL #28\]](#)
