PA KEI Update

[Get info about the KEI](#)

PAsecureID and the Pennsylvania Kindergarten Entry Inventory (PA KEI)

Did you know...

Children who have attended a high-quality state-funded prekindergarten [Head Start Supplemental Assistance (HSSAP), Pennsylvania Pre-K Counts (PA PKC), Keystone STARS 3 and 4], Early Intervention program or have received child care subsidy are assigned a [PAsecureID](#) before they enter kindergarten?

Schools intentionally accessing the existing PAsecureID for children enrolled in kindergarten benefit from having data linked and within the system, creating an understanding of early childhood experiences for enrolled children.

Schools that create a duplicate PAsecureID for children who are already listed in the PA KEI override early childhood education data and create multiple records in the system.

To support the most effective use of the PA KEI system, children who were assigned a PAsecureID in early learning programs should not be assigned a new PAsecureID upon entry into kindergarten.

What can you do to help?

1. Provide contact name and information of the individual/s responsible for assigning/selecting PAsecureIDs in your school or district within the [PA KEI database](#).
2. Ensure this individual understands their role in selecting “near matches” from the PAsecureID system. [Guidance is provided here](#).
3. Match and assign PAsecureIDs for kindergarten children early in the school year.
4. Ensure PAsecureIDs get uploaded/entered accurately into the PA KEI database.

Who to go to for help?

Connecting and communicating with the early learning programs in your community ensures children with already assigned PAscoreIDs are not assigned a second, additional ID. All LEAs are encouraged to identify and reach out to early learning programs who serve children that enter into their school(s). Communicate regularly with these programs to understand which children may be transitioning into your school. This could streamline the PAscoreID matching process.

Please contact Michelle Kee at the Office of Child Development and Early Learning (717-772-4850 or mkee@pa.gov) with questions regarding near matches to OCDEL children or any additional PAscoreID issues.

ACT 48

Reminder: Teachers who complete the professional development protocol and obtain a proficiency certificate receive three hours of Act 48 credit. All teachers implementing the PA KEI need to have an active proficiency certificate in order to enter data into the database. Once acquired, proficiency certificates are valid for five years.

Pennsylvania Professional Standards and Competencies for Early Childhood Educators (PA PSCECE)

In 2021, Pennsylvania adopted the Pennsylvania Professional Standards and Competencies for Early Childhood Educators (PA PSCECE). The PA PSCECE are designed to increase the reliability, portability, and relevance of ECE professional development (including higher education programs) nationwide. These standards help to ensure Pennsylvania's ECE professionals are prepared to support the growth and development of every child, birth through age 8, across the commonwealth. The standards include resources that can be integrated into coursework and trainings. The PA PSCECE guide Pennsylvania's early learning professional development system, including both educator preparation and non-certification programs in ECE; ongoing professional growth and development activities; and credentials. For more information, please visit [PA PSCECE](#).

The Evidence Collection Period is Ending

The evidence collection period is ending for most implementing schools.

Remember: The evidence collection period begins at the start of your kindergarten school year and closes 45 calendar days after the start of kindergarten.

Next steps:

- Scoring must be completed on all 30 standards-based indicators.
- All demographic information (which may have been uploaded into the PA KEI system) must be reviewed for accuracy and completion.

*Remember: Scoring reflects how the student **entered** your classroom.*

Data Entry into the PA KEI system must be completed 60 **calendar** days after the start of kindergarten.

*Remember: Scoring results **MUST BE FINALIZED** to complete the data collection process.*

Help topics:

For additional information, access training materials at the PA KEI website, or contact CSIU staff.

- Email: RA-PWOCDELKEI@pa.gov.
- Technical Support staff are available by phone from 8:00 AM to 4:00 PM, Monday – Friday.
 - For Jeff Kay – 570-523-1155, Ext. 2137
 - For Christy Veitch – 570-523-1155, Ext. 2293

Data Corner

What to do with all this data?

Student Summary Report

The PA KEI captures skill levels on 30 standards-based indicators in both cognitive and non-cognitive domains during the first 45 calendar days of the school year. Data collection, in most schools is complete by mid-October. Teachers can print a “Student Summary Report” for each student to review with families during the first parent teacher conference.

Sharing data with parents and caregivers during conferences is an important opportunity to communicate a student's progress and provide insights into their academic and social development. Teachers explain assessment results, share examples of student work, discuss student strengths as well as opportunities for further development. Parents and teachers can collaboratively set academic, behavioral, or social-emotional goals for the student. Clear goals provide direction and motivation for the student and the adults supporting them.

Did you know OCDEL staff are available to provide free CLASS assessments?

The Classroom Assessment Scoring System[®] (CLASS[®]) is an observation instrument developed to assess classroom quality in Preschool through Third-Grade classrooms. CLASS not only defines teaching quality through the lens of interactions, but it also provides the ability to measure and improve the interactions that matter most for student outcomes. It's a journey of continuous improvement that is data-driven and focused on interactions.

The tool is broken down into three distinct domains covering focused dimensions. Emotional Support looks at positive climate, negative climate, teacher sensitivity, and regard for student perspective. Classroom Organization looks at behavior management, productivity, and instructional learning formats. Instructional Support covers concept development, quality feedback, and language modeling. Observations consist of four twenty-minute cycles lasting approximately two hours. Targeted feedback on areas of strength and areas of opportunity are provided to teachers and administrators promptly after the observation.

This opportunity can be part of a continuous quality improvement initiative. For more information or to schedule a visit, please contact Maryanne Olley at molley@pa.gov.

Need a Password Reset?

Resetting your password for PA KEI data system:

1. Go to the website: <http://kei-pa.org>
2. Select the *Data System Login* tab.
3. Click on the *I forgot my password* link located below the login boxes.
4. You will be asked to enter your Username, which should be your school email address.

5. A password reset email will be sent to you.
 6. Follow the instructions in the email.

National Association for the Education of Young Children (NAEYC)

NAEYC is the premier membership association for early learning educators. NAEYC is available to help all ECE educators on the journey to improve educational opportunities for all young children. NAEYC offers four membership categories—Entry (Digital) Level, Standard, Premium, and Family—each with a unique set of benefits. Click [here](#) for more information on how to join.

PA Early Ed News

Stay up to date with the latest information from the PA Office of Child Development and Early Learning (OCDEL).

Sponsored by OCDEL, the PA Early Ed News is a monthly e-newsletter to inform early learning professionals, the early childhood community, school district staff, policymakers, community leaders and the public on developments in early childhood education and care in Pennsylvania. The newsletter is free and open to anyone.

When you subscribe to PA Early Ed News, you may also receive special announcements throughout the month from OCDEL, keeping you up to date on current information. For more information and to subscribe, click [here](#).

Need Help With the KEI?

Each implementing school and/or district has designated a school or district point of contact (KEI-POC). Implementing teachers should request contact information for the designated KEI-POC in your school or district. In addition, the following supports are available:

GENERAL QUESTIONS about the KEI or any of the information in this newsletter should be directed to OCDEL staff at RA-PWOCDELKEI@pa.gov.

TECHNICAL SUPPORT is available by phone on weekdays from 8am-4pm.

- Jeff Kay: 570-523-1155, Ext. 2137
- Email your questions during off-hours to KEI@csiu.org

Subscribing to the eNewsletter

If you have a co-worker who is participating in KEI, but does not receive the newsletter, email Christy at cveitch@csiu.org to request to be added to the listserv.
